

Comprehensive Plan Design Workshop

Options and Possibilities

GREAT STREETS

ALAMO HEIGHTS BLVD.

1. Park like street. Trees and pedestrians in center. Restore it back to look like La Jara, as it once did.
2. Traffic calming without stop signs

BROADWAY

1. Suggested street pattern :
Pedestrian /2 lanes of traffic/median/2 lanes of traffic/pedestrian
See illustration.

TRANSIT

1. Educate on existing VIA schedules and destinations to promote transit
2. Dedicated Circulator that would connect
Cambridge Playground, McNay, Lincoln Heights, Central Market,
and ball fields and assist in alleviating parking in downtown AH

ALLEYS

1. Maintenance
2. Passable both vehicles and pedestrians
3. Put all Utilities in alleys, where possible

BIKE NETWORK

1. Connect to Brackenridge Park, other neighborhoods, recreation, commercial

CROSSWALKS

1. Need better crosswalks on Broadway near high school
2. Consider mid-block crossings in the Central Business District

SIDEWALKS

1. Complete sidewalk pattern in Bluebonnet Hills

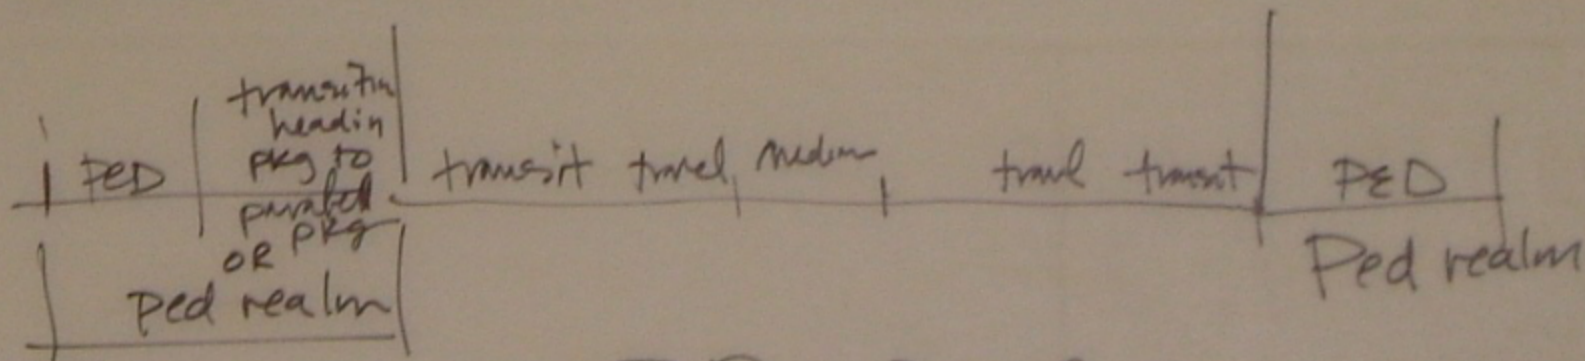

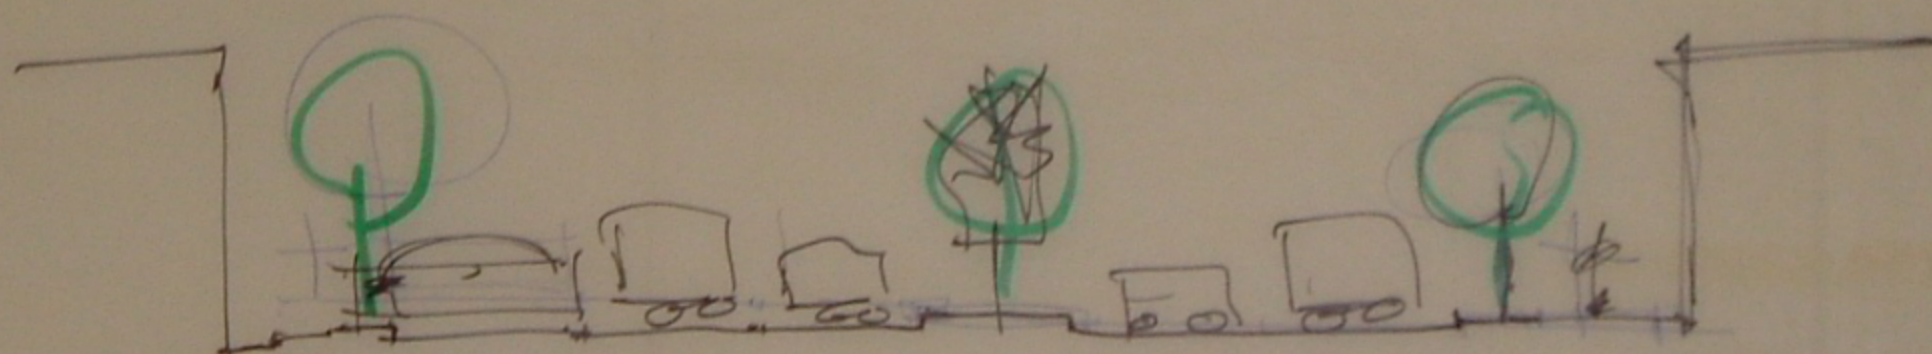

STREET BEAUTIFICATION

1. Traffic calming solution that reclaims some existing hardscape for neighborhood green space and definition
See illustration
